MANUAL WRAPPING

- High risk for the operator health and safety
- Load instability
- Low productivity
- High use and cost of film

WRAPPING WITH ROBOPAC MACHINES

- Safety and health for the operator
- Perfect load stabilization
- Maximum productivity
- Film cost reduction up to 70%
- R-Connect: remote assistance and monitoring

Our machines are the **best solution** to deal with the limited presence of operators at your facilities in this tough moment.

Keep our distance and protect ourselves.
Let's get ready together for a better future.
